

THE VALUE OF THE CHURCH GOING HABIT.

The Following from the Detroit Journal is Worth a Careful Reading.

The Woodward Avenue business men smiled when some of his friends rallied him about his regular habit of going to church.

"No, I don't go to please my wife," he said good naturedly. "Neither do I go because I have any creed to uphold, nor yet because I think it is good for business. I go because it is the plan I started with early in life, and I mean to keep it up."

"When I was a boy, just beginning to think what I should do with my life, I sized up the people in the town where we lived, and I saw that those who were bringing out the best results all around, for themselves and their families, were men who habitually went to church. It seemed to me then, young as I was, and still seems to me that church-going inevitably brings out system, order, punctuality, self-respect and a number of other traits which are valuable assets in any life work. The practice of getting together once a week in a perfect condition—all the family dressed and ready to start out early—tends to keep the whole establishment from getting at very loose ends. So soon as you begin to fit your affairs firmly into that plan you will find that everything will fall into line in a more quiet, orderly and cohesive way. Try it."

THE IDLE POOR.

I've not met many idle rich—
Most folks I know with money
Keep on the job to take the stitch
In time. But it is funny,
Just loafing 'round the village store
I've seen a lot of idle poor.

I've seen them sit and whittle things
For hour after hour,
And curse their luck with mutterings
Against the Money Power.

And swear the things which keep poor
Was that some other folks had more.

Their wives were taking washing in
To keep the wolf from biting,
While they would gather there to spin
Sad yarns about the slighting
Which still they got from cruel fate,
Though bravely they would sit
and wait.

And I can't help but often think
That all long-winded shirkers
Would have less grouch and far more chink
If they were only workers.
Far better times won't strike their gait,
For those who're sitting while they wait.

Ashby-Hickman

The marriage of Miss Sibyl Ashby to Mr. U. O. Hickman was solemnized Wednesday evening at 8:30 o'clock at the Methodist church South, in the presence of a large number of relatives and guests.

The handsome church was beautifully decorated with ferns and pot-flowers.

The ushers were Messrs. Will Morrison, Ed Trahern, Rex MoEuen and Ralph Dudley.

Promptly at the appointed time the bridal couple entered preceded by Rev. Grant who officiated in a most impressive manner. Miss Ethel Oldham played the wedding march.

The bride was lovely in a coat-suit of taupe with hat to match. The groom wore conventional black.

Miss Ashby is the eldest daughter of Mr. and Mrs. V. C. Ashby and is a sweet, lovable girl, popular with all who know her. The groom is a young railroad man well liked by all. They received many handsome gifts.

The happy couple left Thursday morning on 58 for Memphis and other points south.

Christian Church.

Sunday School will assemble promptly at 9:30 a. m. under the Superintendence of Frank D. Rash.

At 10.30, immediately following the Sunday School period, the preaching service will begin. Sunday will be "Family Day" and the membership is urged to assemble with their families, and as nearly as possible sit together during the service. The sermon will be "The Church and the Family." The Church attendance Campaign is resulting in increased numbers attending all the services. Plans are being laid for continued interest along this line.

The subject of the night sermon will be "The Greatest Figure of the Ages." A large chorus choir that rehearses each week is adding greatly to the attractiveness of the services. All are always welcome.

THE LAW SCORES.

(Courier-Journal)

"Person who are lovers of justice will read with satisfaction the news that the Court of Appeals has affirmed the judgement of the Graves Circuit Court sentencing B. W. Wright to a term of six years in the penitentiary for having conspired with others to burn a tobacco warehouse.

The scoring of the law in the so-called "night rider" cases has been light, because of the difficulty encountered by honest and courageous peace officers and grand jurors and prosecuting attorneys where efforts have been made to bring the outlaws to law, and because, in many instances, of sympathy with lawlessness, or the cowardice of those whose duty it is to enforce the law.

The conviction of Wright was an indication of healthy public sentiment in Graves county, and proof of the energy and courage of the local authorities. With Wright serving his sentence the prospect for freedom from the kind of lawlessness at which he was caught will be bright."

"Busy Izzy" to be at The Garrick Nov. 6

Characters may come and characters may go, but "Busy Izzy" goes on forever. This odd and humorous personage was created some years ago by George Sidney, one of the most amusing comedians on the American stage, has been amplified from time to time, until at the present time it is a character that stands out in bold relief. Mr. Sidney has worked on the character with a loving hand. He has made of it a personage of great good humor and of much fun. While it is a Hebrew decimation, it is not offensive, but is generously human and full of excellent traits. Mr. Sidney does not laugh at the Jew, but with him, and the result is something well worth while to all lovers of real mocomedy.

This season the show has been elaborated to a degree. It has been provided with a new and extremely tasteful background, and the members of the company have been selected with care. The choruses are ample and excellently trained. The costumes are from the latest models and are the best of taste. This is the 1924 edition of the attraction and it has been brought down to the very minute stage, jokes, songs, dances and other features.

This attraction will be seen at the Garrick Theatre at Madisonville on November 28.

BEAUTIFY YOUR HAIR

Make it thick, glossy, wavy, luxuriant and remove dandruff—Real surprise for you

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25 cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.

Declare War on Colds

A crusade of education which aims "that common colds may become uncommon within the next generation" has been begun by prominent New York physicians. Here is a list of the "don'ts" which the doctors say will prevent the annual visitation of the cold:

"Don't sit in a draughty car."
"Don't sleep in hot rooms."
"Don't avoid the fresh air."
"Don't stuff yourself at meal time."
Overeating reduces your resistance. To which we would add—when you take a cold get rid of it as quickly as possible. To accomplish that you will find Chamberlain's Cough Remedy most excellent. Sold by all Dealers.

About Umbrellas.

Eyeglass wearers have long since complained that people are careless with umbrellas. Many pairs of glasses have been knocked off and broken by persons who selfishly refuse to move an umbrella so as to allow other people to easily pass. A few even persist in dangerously spinning an umbrella along a crowded street, endangering the glasses and sometimes eyes of passing walkers.

States Should Cooperate With Forest Owners

Washington, November, 17.—In addition to the administration of its waste lands for forest purposes, the individual state should play a part in cooperating with private timberland owners, commensurate with the interest which the state has in maintaining its timber supply.

This principle is enunciated by the committee on state forestry at the national conservation congress here. The committee further recommends as general principals for the practice of state forestry everywhere that the governing board should be removed from partisan political control, and that the state forester should be fitted for his work by professional training and experience.

Civil service should govern in the selection of all forest officers, and all industries directly dependent on the forests should be represented on the state forestry board. Further, the committee says, the forest officer should have ample discretionary power, and should be delegated enough authority to settle controversies as they arise.

After an organization is formed it should be provided with machinery which will make its work effective, such as ample funds, a sufficient force, prompt and effective measures against forest vandalism, and a strong police power. Without including all these things, the committee says, state legislation will fail of its purpose and largely be a dead letter.

Good Cleanser.

For cleansing glassware, nickel, mirrors, or tinware, take Spanish whiting and wet with cold water to make a thick paste; wet only what you intend to use at the time. Rub this over the article to be cleaned, then let dry; then go over it with another cloth, dry and polish well. The dirt will come off with the whiting and the polish will be very brilliant. This is fine for window glass, as no water is used, and the hands are not wet.

10 CENT "CASCARETS" IS YOUR LAXATIVE

Best Laxer and Bowel Cleanser and Stomach Regulator in the World—Work while you Sleep

Get a 10-cent box. Put aside—just once—the Salts Pills, Castor Oil or Purgative Waters which merely force a passageway through the bowels, but do not thoroughly cleanse, freshen and purify these drainage organs, and have no effect whatever upon the liver and stomach.

Keep your "insides" pure and fresh with Cascarets, which thoroughly cleanse the stomach, remove the undigested, sour food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken, and cost only 10 cents a box from your druggists. Millions of men and women take a Cascaret now and then and never have Headache, Billiousness, Coated Tongue, Indigestion, Sour Stomach or Constipated Bowels. Cascarets belongs in every household. Children just love to take them.

Some Things I Would Like to Know

How comes it that the earth juices make here a white flower and there a red?

How is a hugh oak all folded in a little acorn? How can nature make the peach, full of juice and cased so closely in the thinnest of fuzzy skin that never bleeds?

How does blood food here create a hard finger nail, there a hair and there a stony tooth.

What is electricity? We know somewhat of how it acts. But what is it?

We know little more of it than a savage. What is life? What is the secret force that transforms in a trice a living dog that eats his environment into a dead dog whose environment eats him?

What is love? Why does this woman thrill you and that one leave you cold or repel you?

What is conscience, that world policeman that urges us on to what we think right and affrights us at what we think wrong?

What is truth? What is personality?

What is being? And these questions are not remote, academic questions, not such things as Huxley called "lunar politics," but they touch the very nearest and dearest religious of every man's life.

We are but dust motes in the sun-beam of the infinite.

We cling like oysters to our little point in the bed of the vast ocean of misery.

All about us in nature, her mind a galaxy of secrets, her thoughts far and strange as the processions of the suns.

Nothing befits us, her children, so much as reverence for her purposes, humility before her great brain, trust and love in her vast heart.

No one is so consummate an ass as the one who thinks he knows it all.

For croup or sore throat, use Dr. Thomas' Eclectic Syrup. Write for details.

How to Detect the Alum Baking Powder

"Which are the alum baking powders; how can I avoid them unless they are named?" asks a housekeeper.

Here is one way: take the can of a low-priced powder in your hand and read the ingredient clause upon the back label. The law requires that if the powder contains alum that fact must be there stated. If you find one of the ingredients named alum, or sulphate of aluminum, you have found an alum baking powder.

There is another and a better way. You don't have to know the names of the alum powders. Use Royal Baking Powder only; that assures you a cream of tartar powder, and the purest and most healthful baking powder beyond question.

To Put on Rubbers.

Most mothers find it hard to put on
their children's rubbers. If they
could use a shoe horn they would find
the task quite easy, and save many
bruised fingers and broken nails.

Durham Demonstrator Special

Nearly every person is familiar with the Durham-Duplex Demonstrator which is patterned after the well known Durham-Duplex \$5.00 razor and is sold at the very moderate price of 35 cents. This Demonstrator has been on the market for several years and has made for itself a splendid reputation

Now as further inducement to place these Razors in the hands of the people, the manufacturers, by special arrangement, have made it possible for us to offer with each Demonstrator, at the regular price of 35 cents—a ten cent stick of William's Shaving Soap FREE

This we regard as an exceptional opportunity for those who are considering the purchase of a razor. The demonstrator is just the same as that which has sold regularly for 35 cents and the soap is the regular ten cent stick, put up by Williams in an attractive nicked case.

As we have no assurance that this offer can be made indefinitely, we would advise you to call now if you wish to take advantage of it since our stock is limited.

Stevenson's Criticism.

Robert Louis Stevenson once went to hear Charles Halle play the piano at the Queen's hall. After the performance Stevenson, in his black shirt, walked in silence out Regent street to Oxford circus. He stopped at Oxford circus and, in a slow, meditative voice, pronounced this excellent criticism on the English musician he had heard: "The manner of the elderly statesman at the piano was somewhat austere and shilling."

Here's the Chance.

"The Virginian."

The story of "The Virginian" a dramatized version of Owen Wister's remarkable novel which will be seen here on Dec. 18, at the Temple Theatre, is a tale of love, hate, sacrifice, and romance. "The Virginian" is a young cowboy of exceptional gifts, and wild primitive passions, and modern civilized conventions which are continually at war within him, until he meets and falls in love with a pretty Vermont school teacher of superior education and refinement than his own. He has never before been thrown in contact with such a woman, and his rescue of her from a perilous predicament which is their first meeting, has awakened in him a strain of native fineness that has hitherto had no chance of development. She is attracted by his virility and at the same time repelled by his roughness. Quite against her intentions she is won by him, but not until he has shown himself to be master in some surprising ways, which with some displays of amazing courage and sacrifices he convinces her of his undying love. The action is fast and filled with surprising and thrilling situations, and is replete with humorous comedy, making a brilliant as well as entertaining evening at the theatre.

Why Snow is Warm.

Snow is warm by virtue of its light and woolly texture. But it is also warm on account of its whiteness. Had snow been black it would have absorbed the heat of the sun and melted quickly. Instead, it reflects heat, and the reflected heat falls upon bodies above the snow, while the warmth of the earth is preserved beneath it.

To Cure a Cold in One Day

Take LAXATIVE BROMO Quinine. It stops the Cough and Headache and works off the Cold. Druggists refund money if it fails to cure. W. W. GROVE'S signature on each box 25c.

Rare "Breeches" Bible.

A "breeches" Bible, dated 1601, was recently bequeathed by Dr. William F. G. Black of Dublin to his brother, the Rev. Gibson J. H. M. Black. This is the translation in which Adam and Eve are described as making themselves "breeches" of figleaves. The authorized version uses the word "aprons."

The day of harsh physics is gone. People want mild, easy laxatives. Roan's Regulator is the only one that can be trusted.

Her Infinite Variety.

As we sit down and ponder over the summer courtship we find the hand that wielded the canoe paddle now wields the broom. The supper on river banks are now in a small dining room. The gazing at the sky in summer time is now looking to see if the wash can safely be put out. The hand in the wash tub is the hand that that trailed over the canoe side. The soft voice in quiet lanes is now—Don't you think it's a cruel world?—Kirkwood Courier.

Good News For The Girl With Ugly Hair

Don't mourn over it! Don't envy others because they have beautiful hair. Begin right now to give proper, intelligent care and attention to your hair—and then let others envy you. Use Harmony Hair Beautifier, and a delightful liquid hair dressing that is just what it is named—a hair beautifier.

To make the hair glossy, soft and silky—to make it easier to put up in smooth wavy folds, and "stay put"—to restore to your hair the well-groomed appearance you want it to have—to overcome the unpleasant, oily odor of the hair and leave instead a delightfully dainty, fresh rose fragrance—Harmony Hair Beautifier will please you, or your money back. Very easy to apply—simply sprinkle a little on your hair each time before brushing it. Contains no oil; will not change the color of the hair, nor darken gray hair.

To keep hair and scalp dandruff-free and clean, use Harmony Shampoo. This pure liquid shampoo gives a rich lather that immediately penetrates to every part of hair and scalp, insuring a quick, thorough cleansing. Washed off as quickly, the entire operation takes only a few moments. Can't harm the hair; leaves no harshness or stickiness—just a sweet cleanliness.

Both preparations came in odd shapes, very ornamental bottles, with sprinkler tops. Harmony Hair Beautifier, \$10.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold in this community only at our store—The Rexall Store—one of the more than 7,000 leading drug stores of the United States, Canada and Great Britain, which own the big Harmony laboratories in Boston, where the many celebrated Harmony Perfumes and Toilet Preparations are made. St. Bernard Mining Co. Incorporated, Drug Department.

It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

ADVERTISING GETS BUSINESS

It has long since been proven that newspaper advertising gets the business for the merchant—whether in city or country—and the pulling power of the good country weekly newspaper is far greater than any other medium. The best season of the year is now at hand and the merchant who goes after the business from now until the Christmas season is the one who will get it.

The merchants in the rural districts who imagine that he can handle his business on the same slipshod plan as that employed by his predecessors forty years ago is badly mistaken. He has new conditions to face, new forces to contend with, almost unsurmountable obstacles to overcome. These, like Banco's ghost, will not down. They come one after another thick and fast. First of all there is the bugaboo of the Mail Order House in the big cities; next is the Parcel Post, rapid and easy methods of transportation makes a comparatively easy for the trade to get to the larger cities and entirely overlook the dealer in the smaller places. The country merchant is quite likely to see customers pass the door enroute to the city, if he is willing to rest content with the methods employed by his predecessor. The country merchant can easily compete with the city retailer. He has an advantage over his city competitor in cheaper rents, cheaper living expense and so forth. But he must get the customers in his store to demonstrate this. The big stores in

Many as One.

The value of one person's mind on one person's work is steadily diminishing; it is the associate mind, the many hearts beating as one, that now move the world; and this is so well understood by women that they are rapidly learning what can be accomplished in economic, social and intellectual life by the power of an educated public opinion.

GREAT LOOM END SALE

CONTINUES ALL NEXT WEEK

Owing to the wonderful success of our sale, and to show our appreciation of same, we have decided to give our customers the advantage of the big reduction we make on new clean merchandise during these sales for one more week.

SALE CLOSSES SATURDAY, NOVEMBER 29th
BAKER & HICKMAN, MADISONVILLE, KY.

A VALUABLE SUGGESTION

Important To Everyone

It is now conceded by physicians that the kidneys should have more attention as they control the other organs to a remarkable degree and do a tremendous amount of work in removing the poisons and waste matter from the system by filtering the blood.

During the winter months especially, when we live an indoor life, the kidneys should receive some assistance when needed, as we take less exercise drink less water and often eat more rich heavy food, thereby forcing the kidneys to do more work than Nature intended. Evidence of kidney trouble, such as lame back, annoying bladder trouble, smarting or burning, brick-dust or sediment, sallow complexion, rheumatism, may be weak or irregular heart action, warns you that your kidneys require help immediately to avoid more serious trouble.

Many physicians claim that an herbal medicine containing no minerals or opiates has the most healing influence. An ideal herbal compound that has had most remarkable success as a kidney and bladder remedy is Dr. Kilmer's Swamp Root.

You may receive a sample bottle of Swamp-Root by Parcel Post. Address Dr. Kilmer & Co., Birmingham, N. Y., and enclose 10c; also mention the Earlington Semi-Weekly Bee.

Philippine Forests Invite

American Enterprise

The first big sale of Philippine timber, offering opportunities for lumbermen in the United States, has just been announced by the bureau of insular affairs of the war department.

While there are American firms operating in the Philippines, it is pointed out by the officials of the bureau that the Philippine islands offer to progressive lumbermen chances for profits not excelled by any other field in the world. The forest officers of the Philippines state that the islands contain 200 billion feet of merchantable timber for which there is a large present demand and that practically all of it is owned by the government and is available under very favorable terms. In almost all cases the forests can be easily logged by the most improved machinery and methods.

The timber itself, it is pointed out, includes structural material of great value, in addition to many fine hardwoods particularly suited to cabinet work. In this latter class some of the most plentiful woods may be sold in competition with mahogany, such as their beauty of grain and richness.

A complete report on this body of timber, which can be had at the office of the director of forests in Manila or at the bureau of insular affairs in Washington, shows that the region occupied by the main body of the tract presented ideal logging conditions. The report shows that railroads can be built easily and cheaply and that the entire timber belt can be logged at a minimum of expense and trouble. The amount of timber per acre varies from 12,500 up to 30,000 board feet or more. In the four principal types of forest embraced in the area, much valuable material can be secured from even the least desirable type, and the most valuable types will, according to figures

of the bureau, provide a handsome profit for an outlay comparatively small in relation to the value of the timber which is to be exploited.

The principal kinds of wood are the lauan, excellent construction timbers and somewhat comparable, in mechanical properties, to the Pacific coast redwoods; vacal, one of the most valuable because of its great strength, and its resistance to destruction by white ants; apitong, quite comparable to the hard pines of the United States, and various other hardwoods, which have already found a place as substitutes for mahogany.

DON'T LEAVE EARLINGTON

No Need to Seek Afar. The Evidence is at Your Door

No need to leave Earlington to hunt up proof, because you have it here at home. The straightforward statement of an Earlington resident like that given below, bears an interest for every man, woman and child here in Earlington.

John W. Davenport, Earlington, Ky., says: "I suffered from kidney trouble more than tongue can tell. My back was so sore and lame that I could not work for days at a time and the kidney secretions were scanty. There was a constant pain in my head that almost blinded me. I became dizzy, dark spots floated before me and I would reel like a drunken man. Nothing did me any good until a fellow-workman told me he had used Doan's Kidney Pills with success. I got a supply at the St. Bernard Mining Co. Incorporated. It was only a few weeks before they removed the trouble."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

Beans on a Stick

Little Ethel was only four years old, and her mother was spending the day with a friend who had corn boiled on the cob on the table when dinner was served. Little Ethel had never eaten corn cooked this way before, but was very fond of it, and when she had carefully eaten every grain of corn from the cob, she passed the cob to the waiter and said, "Please pass me some beans on a stick."

A Consumptive Cough

A cough that bothers you continually is one of the danger signals which warns of consumption. Dr. King's New Discovery stops the cough, loosens the chest, banishes fever and let you sleep peacefully. The first dose checks the symptoms and gives prompt relief. Mrs. A. F. Mertz, of Glenn Ellyn, Iowa, writes: "Dr. King's New Discovery, cured a stubborn cough after six weeks' doctoring. Money back if it will do the same for you. Best medicine for coughs, colds, throat and lung troubles. Money back if it fails. Price 50c and \$1.00. All Drugists by mail. H. E. Bucklen & Co., Philadelphia or St. St. Louis."

Making All Happy

"What I deem an appropriate present is a book, and that I must choose for myself," writes a correspondent of the London Chronicle. "To leave the selection to friends would be a catastrophe. Every year, therefore, on behalf of those generously minded individuals who have kindly thoughts toward me, I buy books for myself, tell them, and get the money refunded. And in the measure of monetary value they remember me, I likewise remember them—in any article of their own choosing. And so we all begin."

Eczema spreads rapidly; itching almost drives you mad. For quick relief, Doan's Ointment is well recommended. See at all stores.

Must Be Persistent

The art of convincing is never given to the man who is unwilling to persist in an effort to convince.

A Scene From "Busy Izzy"

Real Friend

There is one friend who will never fail you while you have hands to move and a brain to plan. In your dreariest hours she will be your sweet refuge, and in times of prosperity she will guard you from "the pride which goeth before a fall." She will bring you long nights of restful sleep at the end of your busy days and when other friends grow careless or disdainful, she will absorb you more and more. Her name is Work, and neither the highest nor the lowest can be happy for long without her.

A Night of Terror

Few nights are more terrible than that of a mother looking on her child choking and gasping for breath during an attack of croup, and nothing in the house to relieve it. Many mothers have passed nights of terror in this situation. A little forethought will enable you to avoid all this. Chamberlain's Cough Remedy is a certain cure for croup and has never been known to fail. Keep it at hand. For sale by all Dealers.

New York's Nickname

Gotham is the name of a village in England whose inhabitants, according to ancient tradition, were noted for their unsophisticatedness and simplicity and hence were called, by way of ridicule, "the wise men of Gotham." English legends and rhymes refer to the wise men of Gotham, and Washington Irving, in *Salmagundi*, applied it as a nickname to New York because the inhabitants were such wiseacres. The nickname has survived its original significance if it ever had any.

Saved His Foot

H. D. Ely, of Bantam, O., suffered from horrible ulcer on his foot for four years. Doctor advised amputation, but he refused and reluctantly tried Bucklen's Arnica Salve as a last resort. He then wrote: "I used your salve and my foot was soon completely cured." Best remedy for burns, cuts, bruises and eczema. Get a box today. Only 25c. All drugists or by mail. H. E. Bucklen & Co., Philadelphia or St. Louis.

Ideals

Ideals are like stars; you will not succeed in touching them with your hands. But, like the seafaring man on deserts of water, you choose them as your guides, and following them reach your destiny.—Carl Schurz.

Tonight

Tonight, if you feel dull and stupid, or bilious and constipated, take a dose of Chamberlain's Tablets and you will feel all right tomorrow. For sale by all Dealers.

Until the Plumber Arrives

While waiting for the arrival of a plumber, when the water pipes have sprung a leak, the housewife may do a little repairing herself. The water should be turned off and a solder made by mixing some whiting with common yellow soap and just enough water to form a thick paste. Apply this mixture to the leak and in a little while the water may be turned on very slowly. This solder may last a day or longer.
